### **PHOTOSHOP SOUP2NUTS CONFERENCE SLATED FOR JUNE 23 & 24 IN ANN ARBOR**

The Fourth Annual Photoshop Soup2Nuts 2.006 Conference is returning to Ann Arbor on June 23 and 24, at Washtenaw Community College. The Conference is a two day learning conference encompassing the entire genre of digital imaging workflow.

Filled with the exceptional experience and participation of many internationally renowned names in digital imaging such as Bruce Fraser, Ben Willmore, Seth Resnick, Jeff Schewe, Scott Kelby, Carl Sams, Michael Britt, Marc Pawliger, Lynda Angelastro, Renee Pearson, Terry White, Dale Fisher and the Photoshop Mastermind, himself: Thomas Knoll, this two day conference is a steal at \$350.

The Photoshop Soup2Nuts2.006 conference is open to anyone from the remotely interested in digital imaging, graphic design, videography, 3D animation and the arts to those who want to influence future development of Photoshop itself. Many extra conference events add to the opportunity of interacting with folks, who not only wrote the books and software, but are happy to let participants in on the secrets.

Registration is taken online at [www.photoshopsoup2nuts.org](http://www.photoshopsoup2nuts.org) or by calling 1-888-600-soup (7687)
